De Nederlandse Kring voor Joodse Genealogie (NKvJG) is uitgever, maar niet de samensteller/auteur van deze publicatie. In vrijwel alle gevallen is een lid van de NKvJG verantwoordelijk voor de inhoud.

Bezit u zelf materiaal dat interessant is voor het bedrijven van joodse genealogie, neem dan contact op met het centrum voor verenigingsuitgaven.

Het centrum voor verenigingsuitgaven te Baarn, o.l.v. dhr. Chris Leeda kan u informeren over alle andere uitgaven van de NKvJG: p/a Chris Leeda, Van Neslaan 7, 3742 MN Baarn, tel. 035 – 5422175, publications@nljewgwn.org.

De NKvJG heeft de volgende doelstellingen en activiteiten:

- het onderling uitwisselen van genealogische gegevens van joodse families.
- het stimuleren van genealogisch onderzoek over joodse families in Nederland en hun afkomst uit het buitenland.
- het bevorderen van kennis over de bronnen voor genealogisch onderzoek naar joodse families.
- het bestuderen van joodse gebruiken voor zover deze aanwijzingen kunnen geven bij genealogisch onderzoek.
- in het kader van genealogisch onderzoek bestudering van de positie van de joden in de verschillende regio's van Nederland in de loop der eeuwen.
- het uitgeven van het verenigingsperiodiek Misjpoge.
- het publiceren van geboorte-, huwelijks-, en besnijdenisregisters, vnl. van vóór de invoering van de Burgerlijke Stand in 1811, alsmede registers van naamsaanneming.
- het organiseren van bijeenkomsten en lezingen.

Toelichting

Het volgende overzicht vermeldt de aangenomen of reeds gevoerde familienamen, voorkomende in de hieronder genoemde publicaties (met bestelnummer) van de Ned. Kring voor Joodse Genealogie:

*)

Slechts in deze beide publicaties komen ook Sefardiem voor.

Alleen de Asjkenazische partners zijn in onderstaand overzicht opgenomen.

Tevens moet worden opgemerkt, dat de toevoegingen "Cohen" en "Levie" niet als familienaam worden beschouwd behalve in die gevallen waarin ze uitdrukkelijk als zodanig werden aangenomen.

De namen in de tweede kolom zijn in het algemeen voornaam + patroniem, eventueel aangevuld met "Cohen" of "Levie" en/of de naam van de grootvader; "wd." is de afkorting voor "weduwe".

Er zijn gevallen, waarin bij de naamsaanneming een nieuwe, afwijkende voornaam gekozen werd; een voorbeeld hiervan:

Jannetje, dochter van Moses Alexander, heet na de registratie **Adriana**; vermeld wordt dit als: **Adriana= Jannetje Moses Alexander**.

Daar zij de familienaam **Alex** aanneemt, heet zij dus voortaan **Adriana Alex**.

Een ander voorbeeld:

Salomon, zoon van Berend, heet na de registratie **Bernard**; hij kiest dus zijn vader's voornaam als zijn eigen nieuwe voornaam! Dit wordt weergegeven als: **Bernard= Salomon Berend**

Daar hij de familienaam **Glaser** aanneemt, heet hij dus voortaan **Bernard Glaser**.

Waar twee namen gescheiden worden door / is er sprake van een vaste burgerlijke/joodse combinatie, zoals Daniël/Gedalja of Michiel/Jechiël.

In de derde kolom worden de volgende afkortingen gebruikt:

z = zoon(s); d = dochter(s); k = kind(eren)

De kolom "locatie" noemt de plaats van registratie van de genoemde familie/persoon. Soms wordt bij deze registratie aangegeven, waar (gehuwde) zoons met dezelfde familienaam wonen; in dit geval zijn voor de zoon(s) beide locaties opgenomen, waarbij het bestelnummer duidelijk maakt in welke publicatie de hoofdregistratie voorkomt; als voorbeeld:

Comprecht Abraham van Dam te Leeuwarden, met o.a. zoon

Abraham Comprecht - gehuwd met kinderen - te Hamburg; als locatie van dit gezin is vermeld: Leeuwarden/Hamburg,
het bestelnummer is 420 (Friesland).

Een dubbele locatie is een aantal malen ook vermeld als een familie/persoon voorkomt in twee verschillende overzichten, b.v.

- 1) in de registratie van naamsaanneming/-behoud in de woonplaats en
- 2) in een telling ten behoeve van b.v. belastingaanslag door het bestuur van de Joodse Gemeente waarvan die woonplaats (meestal een dorpje of gehucht) deel uitmaakte.

Een ander voorbeeld: een persoon komt voor in de overzichten van ondertrouw en huwelijk van zowel Den Haag als Rotterdam.

In dit geval zijn tevens beide bestelnummers vermeld.

Sporadisch komen drie bestelnummers voor; dan wordt de betreffende persoon genoemd in de twee huwelijksregisters en in het overzicht van naamsaanneming/-behoud van Den Haag of Rotterdam.

Zeer recent is een correctieblad gemaakt voor de publicatie Groningen; de hierin vermelde namen zijn in het volgende overzicht opgenomen met bestelnummer 600a.

Explanation

The following register lists the adopted or already used family names, which are present in the hereafter mentioned publications (with order number) by the Ned. Kring voor Joodse Genealogie:

| | |
|---|------|
| Groningen | 600 |
| Friesland | 420 |
| Drente | 390 |
| Kop van Overijssel | 1320 |
| Rest van Overijssel | 1300 |
| Gelderland tussen Rijn en IJssel | 510 |
| Gelderland ten Oosten van de IJssel | 520 |
| Gelderland ten Zuiden van de Rijn | 530 |
| Utrecht | 1610 |
| Noord-Holland, excl. Amsterdam | 1020 |
| Zuid-Holland, excl. Den Haag en Rotterdam | 1710 |
| Den Haag | 300 |
| idem, huwelijken*) | 340 |
| Rotterdam | 1400 |
| idem, huwelijken*) | 1410 |
| Zeeland | 1810 |
| Noord-Brabant | 840 |
| Limburg | 830 |

*) Sephardim appear only in these two publications. Therefore merely the Ashkenazic partners from them were taken in the following survey of names.

Herewith goes the remark, that the additional "Cohen" or "Levie" is not considered as a family name but in the case, that they were explicitly adopted as such.

The names in the second column generally are the first name + the father's name, sometimes additionally "Cohen" or "Levie" and/or the grandfather's name; "wd." stands for: widow.

In some cases a new differing first name was adopted; an example:

Jannetje, daughter of Moses Alexander after registration is called: **Adriana**; this is put down as: **Adriana= Jannetje Moses Alexander**.

Jannetje M. Alexander adopts the family name **Alex**, so from then on is called: **Adriana Alex**.

Another example:

Salomon, son of Berend, adopts his father's first name as his own new one and becomes **Bernard**; this is noted as: **Bernard= Salomon Berend**.

Salomon Berend adopts the family name **Glaser**, so from then on is called: **Bernard Glaser**.

When two names are separated by /, the cause is a fixed civil/Jewish combination like Daniel/Gedalja or Michel/Jechiel.

In the third column the following abbreviations are used:

z = son(s); d = daughter(s); k = child(ren)

The column "locatie/location" gives the location of the said family's/person's registration. Sometimes in the documents a remark is made, about the residence of (married) sons with the same family name; in these cases a double location is mentioned, whereas the order number indicates in which publication the main registration has taken place; an example:

Comprecht Abraham van Dam in Leeuwarden; one of his sons:

Abraham Comprecht, married, with children, in Hamburg; the location of Abraham C. and family is given as Leeuwarden/Hamburg,
the order number is 420 (Friesland).

Two locations may be mentioned if a person was found in two different registers, e.g. in

- 1) the registration of adoption/conservation of family names in the location of residence, and
- 2) the census for tax assessment by the board of the Jewish Community to which that particular location of residence (a smaller village mostly!) belongs.

Another example: the person appears in the registers of publication of banns and marriages of both The Hague (Den Haag) and Rotterdam.

In this case the two order numbers are mentioned as well.

In a few cases even three order numbers are given: then the person appears in both marriage registers as well as in the register concerning adoption/conservation of family names, either in The Hague or Rotterdam.

Recently a correction sheet has been added to the publication Groningen. The occurring names have been included in the following list with order number 600a.
