Toelichting

De heer P.A. Hilfman, leraar bij de Ned. Portugees-Israelitische Gemeente in Suriname heeft zich veel moeite getroost ten aanzien van verzorging en behoud van het kerkelijk archief. Het is aan hem te danken dat de kerkelijke stukken omstreeks 1864 zijn overgebracht naar het Algemeen Rijksarchief in Den Haag.
Diverse stukken zijn onderhevig geweest aan klimaatinvloeden en inktvraat, wat ook in het verleden onderkend werd en leidde tot het maken van kopieën.

De onderstaande gegevens over geboorten en besnijdenissen zijn te raadplegen in het Algemeen Rijksarchief. Ook zijn de registers op fiches geplaatst en verkrijgbaar bij het CBG, maar de kwaliteit van de fiches is niet optimaal.

Inv. nr.: 137 Grafboek van de begraafplaats te Paramaribo (1849); 1 deel

In het navolgende overzicht zijn de gegevens verwerkt uit de inventarisnummers 416 (aangegeven door "a") en 419 (aangegeven door "b"). De gezamenlijke gegevens uit beide registers zijn alfabetisch gerangschikt op familienaam van de vader, vervolgens eveneens alfabetisch op voornamen van de vader, tenslotte chronologisch per gezin.
In sommige gevallen is alleen de familienaam van de moeder bekend; in dat geval worden de gegevens opgenomen aan het einde van de bewuste "familienaam van de vader".

De op deze wijze gerangschikte gegevens hebben achter het inventarisnummer "a" of "b" een eigen volgnummer gekregen om het zoeken in apart opgenomen **Aanvullende gegevens** (blz. 71-79) te vereenvoudigen. In dit aparte overzicht worden b.v. de herhaaldelijk in de basisinformatie vermelde familienamen achter de voornaam van het kind volledig weergegeven; ze geven waarschijnlijk aan naar wie zoon of dochter vernoemd is: naar één der grootouders of een ander familielid uit een eerdere generatie.

* achter (inv.nr. + volgnr.)	extra informatie, afkomstig uit de gegevens van inventarisnummer 416 of 419
B "	extra informatie, afkomstig uit genealogische overzichten van John H. de Bye voor de families Fernandes en (de) Robles
S "	extra informatie, afkomstig uit de stamboom Jessurun , opgesteld door Rabbijn Sietce Jessurun, Marseille
T "	in één geval is extra informatie gevonden in "Trouw en Mokum", Dave Verdooner en Harmen Snel, ISBN 90-72477-25-1

Waar aanvullingen zowel uit de basisgegevens 416/419 als uit de andere bronnen vermeld worden wordt dit alleen aangegeven door * achter het volgnummer.

Incitation

M. P.A. Hilfman, the teacher of the Portuguese-Jewish Community in Surinam has taken many troubles concerning the care for and maintainance of the church archives. Owing to him the church documents have been transferred to the *Algemeen Rijksarchief* in The Hague.

Several documents were subject to climatological influences and ink corrosion, which also in the past was diagnosed and led to the making of copies.

The below mentioned information can be consulted in the *Algemeen Rijksarchief*. The listings also have been entered on card-indexes and are obtainable from the CBG (= Central Bureau for Genealogy, also in The Hague), but the quality of the card-indexes is not optimal.

The information shown in the following survey has been taken from inventory numbers 416 (indicated by "a") and 419 (indicated by "b"). The information from both registers has been arranged first alphabetically by the father's family name, secondly –also alphabetically – by first names of the fathers, finally chronologically by household.
In some cases only the mother's family name is known; in those cases the information is included at the end of the "father's family" name in question.

To the information, arranged in this way, following the inventory letter "a" or "b" a serial number is added to simplify the search in the separately taken down **Additional Remarks** (p. 80 – 88). In this separate survey the often in the basic information mentioned family names behind the child's first name(s) completely are put down; probably they state whom the child has been named after: one of the grandparents or another relative of an earlier generation.

* following inv. + serial nr. additional information is taken from the material of inventory numbers 416 or 419

B " " additional information is taken from genealogical surveys for the **Fernandes** and **(de) Robles** families by John de Bye

S " " additional information is taken from the **Jessurun** family tree made by Rabbi Sietce Jessurun, Marseille

T " " in one case additional information has been found in "Jewish Marriages in Amsterdam", Dave Verdooner en Harmen Snel, ISBN 90-72477-25-1

In the case additions have been mentioned from the basic information 416/419 as well as from other sources, only * is mentioned behind the serial number.

N.B. For inquiries about John de Bye's information: see his website johnh@cq_link.sr

After April 1840 the Jewish dates are missing and the circumciser's names only sporadically are mentioned in the basic information.
